

## **Focus Pointe Base Camp: Getting Ready For New Season of Ministry**

Praise THE LORD for all the work that is being done at Focus Pointe Base Camp. Recently there has been a flurry of activity as we prepare for our first summer of PaceSetters in our new location. We now have a new, half-acre pond constructed and the pad for the 8,000 square foot Worship Center is complete. Within the next few

weeks we will see the plumbing done and the foundation poured. TO GOD BE THE GLORY! Shortly thereafter the building will go up and we will be calling on you to help us finish out the inside. We will need work crews, volunteers to build the stage, offices, kitchen, bathrooms and an apartment above the kitchen. Carpenters, electricians, plumbers, sheet rockers, landscapers, gardeners and those just willing to help will be needed. God has blessed us with the ability to be debt free in this endeavor. However, we are relying on those who can donate their time, skill and willingness to "do whatever" to complete the inside of the Worship Center.

In addition to all this, land has been cleared and the existing cabins continue to be worked on by wonderful volunteers. Curtains are up in one of the cabins and new baseboards in another. Two of the three cabins have been rewired and have heating and air conditioning installed. Some remodeling still needs to be done on the third, and heating and air conditioning would be a real blessing. We have trees that need to be trimmed and a few dead ones that need to be cut down.

If you would like to be involved in any of our ongoing projects, or the construction inside our new building this spring, please contact Henry Loftin, [henry@glowingheart.org](mailto:henry@glowingheart.org), or Lloyd Jordan, project manager - [llojor@joimail.com](mailto:llojor@joimail.com) .
